“WELCOME TO THE FUTURE”

16 CREDIT POINTS

VENUE - BASAVESHWARA TEACHING AND GENERAL HOSPITAL  
AUDITORIUM HALL

### DIGITAL DENTISTRY

Digital revolution is impacting every walk of life, dentistry cannot remain isolated from the digital revolution.

Dentistry is impacted immensely by this digital revolution. Digital dentistry reduces the errors of human interface and vastly improves the clinical treatment outcome.

It reduces work flow time, material and manpower dependency thereby enhancing quality of dental treatment. In implant it helps in impression making, virtual planning of restoration as well as simulating the patient bone factor & transfer the virtual planning to actual treatment through surgical stents.

In this one day CDE Program we will be simplifying the concept of digital dentistry through lectures and understanding it better through live demonstration.

## DIGITAL DENTISTRY

India Prosthodontic Society Karnataka Branch is one of the oldest and active state branch hosting annual conference, organizing CDE Programs to benefit its members as well as Post Graduate Students & practitioners alike ,imparting current knowledge and creating a opportunity for all the members to be updated about the recent advances in our specialty.

**S. NILAJINGAPPA INSTITUTE OF DENTAL SCIENCES & RESEARCH**  
KALABURGI

Department of Prosthodontic & Crown & Bridge is one the pioneer department which has a tradition of playing a host to regular workshops , conference & CDE'S ,so continuing this tradition the department has co laborated with Indian Prosthodontic Society Karnataka Branch, in organizing the CDE Program related to new frontier of dentistry.

We both welcome you.
